World Federation of Therapeutic Communities (WFTC)
CODE OF ETHICS

WFTC is the major international member association practicing and promoting the Therapeutic Community methodology. This methodology promotes solution focused rather than problem focused approaches to treatment and rehabilitation. WFTC is aware that the programs and services provided by the member organizations deal with sensitive issues. WFTC takes serious the stewardship over the programs and interventions that affect personal, community, institutional and social values. Inherent in the mission of WFTC is the commitment to promote the human, civil, and legal rights and moral freedoms of those individuals who participate in Therapeutic Community based programs.

General Principles:

WFTC members agree to the guiding principles of the Code of Ethics as a requirement for WFTC membership. Members agree to conduct services with the highest quality, integrity, and ethical standards of excellence.

WFTC members strive to benefit those whom they serve, and ensure that they do no harm. WFTC members safeguard the rights and welfare of the participants served. Because the decisions made by WFTC members affect the lives of others, members must guard against personal, financial, social, organizational, or political factors that might lead to misuse of their decisions or actions.

WFTC members are aware of their professional responsibilities to the communities and organizations in which they operate. WFTC members uphold professional standards of conduct, maintain professional roles and obligations, and seek to manage conflicts of interest that could result in harm.

A. Fidelity and Responsibility

1. WFTC members seek to promote honesty, and accuracy in the teaching and practice of the T.C. methodology, and refrain from misrepresentation of fact.

In addition, there is no exploitation, such as financial incentives, bartering with participants, sexual intimacies with current or former participants, intimacies with relatives of current participants or financial transactions with participants other than published/agreed upon fees for services.
